Hotham Park Discovery Garden is located within Hotham Park, which is near the centre of Bognor Regis. It is a walled garden in the corner of the park, near the entrance adjacent to Edward Bryant School, off London Road.

The area has been renovated to enhance opportunities for outdoor learning.

Sessions are delivered by an experienced primary school teacher and expert environmental educator. Whole or half day sessions are available.

Literacy

KS1 Percy the Park Keeper story 'After the Storm' Explore what happens after the animal's homes are destroyed by a storm and create your own animal homes.
KS2 Use the senses to stimulate creative writing.

Maths

KS1 Explore pattern and shape.
KS2 Discover interesting ways to measure the dimensions of trees using estimation, measuring and area.

Science

Habitats for KS1 & 2

Find out about the underwater world of the pond. Explore the miniature world of minibeasts. Marvel at the life of trees and flowers. Activities include pond dipping, minibeast hunting, identification skills, habitat trail, food chains, adaptation and life cycles.

Geography

KS1 Create a pictorial map.
KS2 Create a tree trail by identifying the trees, mapping their position, finding out facts about them and planning a trail.

Hotham Park — discover more

- adventure playground
- miniature railway
- bandstand
- conservation area
- boating pond
- kiosk

There are toilets located in the park itself and in the adjacent car park.

Coaches can use the car park off Hotham Way.

Art KS1 & 2

Use materials found in the natural environment to create outdoor art, such as collage.
